## PROFESSIONAL EXPERIENCE

AGT, Tunis, Tunisia.

April 2024— June 2024

IT Maintenance Technician Intern

- Managed and maintained the IT infrastructure across Windows, Mac, and Linux environments, ensuring optimal system performance
- Designed and deployed virtualized environments to support business operations, enhancing scalability and resource utilization.
- Collaborated on Active Directory audits, optimizing Group Policy (GPO) configurations to strengthen access controls and compliance.

Cloudshift, (Microsoft Gold Partner) , Lac 2, Tunisia.

June 2023— August 2023

Cloud Solutions Integration Intern

- Built and deployed scalable virtual machines on Microsoft Azure, improving system performance for client use cases.
- Implemented Infrastructure as Code (IaC) methodologies using Azure DevOps, reducing manual deployment errors by 40%.
- Explored SaaS, PaaS, and IaaS cloud solutions, delivering tailored recommendations to enhance business efficiency.
- Gained hands-on experience with DevOps pipelines and containerized environments, accelerating deployment cycles.

AIM, Ezzahra Ben Arous , Tunisia

July 2019— August 2019

Junior Business Operations Intern

- Gained hands-on experience in understanding and improving manufacturing operations, contributing to process efficiency.
- Assisted in evaluating key operational workflows, identifying bottlenecks, and suggesting improvements that supported team goals.
- Developed organizational and analytical skills by collaborating with cross-functional teams in a fast-paced environment.

Plasteka, Ezzahra Ben Arous, Tunisia.

April 2018

Digital Marketing Intern

- Assisted in monitoring and analyzing the company's social media engagement to identify opportunities for growth and interaction with the audience.
- Helped develop and implement digital marketing strategies to improve the company's online presence.
- Supported the marketing team in creating visual and written content, ensuring consistency with the company's branding.

---

## PROJECTS AND ACHIEVEMENTS

- Conducted security audits and implemented corrective measures for IT systems during internship at AGT.
- Designed and deployed secure network solutions using VLANs and firewall configurations (PfSense) for educational projects.
- Built a home lab for virtualization projects using ESXi, Proxmox, and TrueNAS, enhancing practical expertise.
- Gained foundational knowledge in Azure's DevOps pipelines, including automated deployments and containerized environments.

---

## Skills

- Programming: Python, SQL, C++, C#, Java, HTML, CSS, JavaScript, Git
- IT Administration: Linux, Windows, Microsoft Azure, Active Directory, Network Administration
- Cybersecurity: Pentesting, Wireframing, Vulnerability Assessment, Metasploit
- Networking: Cisco Packet Tracer, GNS3, PfSense (Firewall Security), Wireshark (Network Packet Analysis)
- Productivity Tools: Microsoft Office Suite, Visual Studio Code, Figma
